Example Site Plan

Site plan must show all of the following:

1. Lot dimensions (lot depth x lot width)
2. Adjacent roads public or private
3. Location/size of all buildings new and proposed
4. Front, rear and side yard distances from building to lot line (front yard is measured from road right-of-way)
5. Distance between buildings (house, garage, accessory buildings etc.)
6. Driveways, easements new and proposed
7. Any ponds, waterways or significant landmarks
8. North indicator

If you have any questions when preparing your site plan, please do not hesitate to contact the Planning and Zoning Department at (517) 626-6593.
